

Independent Auditor's Report

To the Members of
JBM EV Technologies Private Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of JBM EV Technologies Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended March 31, 2025.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance, as applicable under the relevant laws and regulations.

Management's and Board of Director's responsibilities for the Financial Statements

The accompanying financial statements have been approved by the Company's Board of Directors. The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under Section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records with audit trail (edit log) in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Company's Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial control with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the evidence available to us at the end of our audit. If these conditions persist, it is possible that conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, based on our audit, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts;
- d. In our opinion, the aforesaid financial statements comply with the Ind AS prescribed under section 133 of the Act;
- e. On the basis of written representations received from the directors as on March 31, 2025, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164 (2) of the Act;
- f. Being a Private Company, pursuant to the Notification No. GSR 464(E) dated 5th June, 2015, as amended by Notification No. GSR No.583(E) dated 13th June, 2017, issued by the Central Government of India, reporting requirement prescribed in clause (i) of sub-section (3) of section 143 of the Act is not applicable;
- g. With respect to the matters to be included in the Auditor's Report under section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanation given to us, no remuneration has been paid by The Company to its directors during the year.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statement. Refer note 26 to the financial statement;
 - ii. The Company did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts that were required to be transferred to the Investor Education and Protection Fund by the Company.

iv.

- a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 27(vii) to the financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any person or entity, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 27(viii) to the financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries and
 - c. Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No dividend declared or paid during the year by the Company.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of accounts which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all transactions recorded in the software. Further, we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the company as per statutory requirements for the record retention.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our Report to the members of JBM EV Technologies Private Limited of even date]

To the best of our information and explanations provided to us by the Company and the books of accounts and records examined by us in the normal course of audit, we state that:

- (i) In respect of Property, Plant and Equipment:
- a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant, and Equipment.
(B) The Company does not have intangible assets.
 - b. The Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified in a phased manner over a period of three years. Pursuant to the programme, certain Property, Plant and Equipment were verified during the previous financial year (2023-24). In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
 - c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company does not hold any immovable property.
 - d. The Company has not revalued its Property, Plant and Equipment (including Right of Use Assets) or intangible assets or both during the year.
 - e. No proceedings have been initiated during the year or are pending against the company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made there under.
- (ii) In respect of Inventory:
- a. The company does not hold inventory. Thus clause 3(ii)(a) of the Order is not applicable.
 - b. The Company has not been sanctioned with any working capital limits in excess of five crore rupees, in aggregate from banks on the basis of security of current assets. Hence, clause 3(ii)(b) of the order is not applicable.
- (iii) According to the information and explanations given to us and on the basis of our examination of records of the company, the company has not provided any investment, guarantee or security or granted any advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnerships or any other parties during the year.
- (iv) In our opinion and according to information and explanations given to us, the company has complied with the provisions of section 185 & 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it, as applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) Pursuant to the rules made by the Central Government of India, the Company is not required to maintain cost records as specified under section 148(1) of the Act in respect of its services.

(vii) In respect of statutory dues:

(a) In our opinion, the Company has been regular in depositing undisputed statutory dues, including Goods and Services Tax, Provident Fund, Employees' state insurance, Sales tax, VAT, Income-tax, duty of customs, Cess and any other statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of GST, Provident fund, Employees' state insurance, Sales tax, VAT, Income-tax, Duty of Customs, Cess and any other statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(b) There were no dues of GST, Provident fund, Employees' state insurance, Income-tax, Duty of Customs, Cess or other statutory dues applicable to it which have not been deposited by the company on account of dispute.

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) In respect of loans or borrowings:

(a) The Company has not defaulted in repayment of any loans or other borrowings or in the payment of interest thereon at any time during the year.

(b) The Company has not been declared a wilful defaulter by any bank or financial institution or government authority.

(c) The Company has not obtained any term loans during the year.

(d) On an overall examination of the financial statements of the Company, no funds raised on a short-term basis and have not been used during the year for long term purposes by the Company.

(e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under the Companies Act, 2013.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies as defined under the Companies Act, 2013. Hence reporting under clause 3(ix) (f) of the Order is not applicable to the Company.

- (x) In respect of public offer or Private placement:
- (a) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year. Hence reporting under clause 3(x) (a) of the Order is not applicable.
 - (b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally) during the year. Accordingly, clause 3(x) (b) of the Order is not applicable.
- (xi)
- (a) No fraud by the Company or on the Company has been noticed or reported during the year.
 - (b) No report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year.
 - (c) As represented to us by the Management, no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company. Hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) The transactions with related parties are in compliance with Section 188 of the Companies Act, 2013, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards. Further, being a private limited Company section 177 is not applicable to the Company.
- (xiv) The Provision of section 138 "Internal audit" of the Act is not applicable. Hence, reporting under clause 3(xiv) of the order is not applicable.
- (xv) In our opinion, the Company has not entered into any non-cash transactions with its directors or person connected to its directors during the year and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi)
- (a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable.
 - (b) In our opinion, there is no Core Investment Company (CIC) within the Group (as defined in the CIC (Reserve Bank) Directions, 2016) and accordingly, the reporting under clause 3(xvi) (d) of the Order is not applicable.
- (xvii) The Company has not incurred any cash losses in the current financial year and in the immediately preceding financial year.

- (xviii) There has been no resignation of the statutory auditors during the year.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a year of one period from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, the company is not covered under Section 135 of the Companies Act, 2013. Accordingly, clauses 3(xx) (a) and 3(xx) (b) of the Order are not applicable to the company.

NOTES FORMING PART OF FINANCIAL STATEMENTS

1. Corporate Information

JBM EV Technologies Private Limited (Formerly known as Solaris Electric Vehicle Private Limited) (the "Company") is a private limited Company incorporated on 19.09.2016 under the Indian Companies Act 2013 having its registered office at 601, Hemkunt chamber, Nehru Place New Delhi-110019 and corporate office at Plot no 118, HSIIDC Industrial Estate, sector 59, Ballabhgarh, Faridabad, Haryana - 121004. The Company is wholly owned subsidiary of JBM Auto Limited. The Company's primary objective is to design, develop, manufacture & sell, import, export, supply and trading of Electric Buses along with their related changing ecosystem to cater to all types of customers.

The financial statements for the year ended March 31, 2025 were approved by the Board of Directors and authorize for issue on 01st September, 2025.

2. Material accounting policies

(i) Statement of compliance with INDAS

The Financial Statements have been prepared as a going concern in accordance with Indian Accounting Standards (Ind AS) notified under the section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

(ii) Basis of Preparation and Presentation

The financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services. The principal accounting policies are set out below:-

All assets and liabilities have been classified as current or non-current according to the Company's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current & non-current classification of assets and liabilities.

The company has consistently applied the accounting policy to all the periods presented in these financial statements.

(iii) Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future years affected.

SIGNIFICANT ACCOUNTING JUDGEMENT, ESTIMATES AND ASSUMPTION

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The company continually evaluates these estimates and assumptions based on most recently available information. Revision to accounting estimates are recognized prospectively in the statement of profit and loss in the period in which the estimates are revised and in any future periods affected.

A. Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

B. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

JBM EV Technologies Private Limited

(iv) Impairment of Assets

An impairment exists when the carrying value of an asset exceeds its recoverable amount. Recoverable amount is the higher of its fair value less costs to sell and its value in use. The value in use calculation is based on a discounted cash flow model. In calculating the value in use, certain assumptions are required to be made in respect of highly uncertain matters, including management's expectations of growth in EBITDA, long term growth rates; and the selection of discount rates to reflect the risks involved.

(v) Contingent liabilities

The contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company. The Company evaluates the obligation through Probable, Possible or Remote model ('PPR'). In making the evaluation for PPR, the Company take into consideration the Industry perspective, legal and technical view, availability of documentation/agreements, interpretation of the matter, independent opinion from professionals (specific matters) etc. which can vary based on subsequent events. The Company provides the liability in the books for probable cases, while possible cases are shown as contingent liability. The remotes cases are not disclosed in the financial statement.

(vi) Taxes

Provision for tax liabilities require judgments on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

(vii) Revenue Recognition

Revenue is measured at the transaction price (net of variable consideration) allocated to that performance obligation. Amounts disclosed as revenue are net of returns, cash discount, trade allowances, sales incentives and value added taxes. The Company recognizes revenue when the amount of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below.

In Determining transaction price, company adjust the promised amount of consideration for the effect of time of value of money if the timing of payments agreed to by the parties to the contract (Either explicitly or implicitly) provide the customer or group with a significant benefit of financing the transfer of goods or services to the customer.

The transaction price is allocated by the company to each performance obligation (or distinct goods or service) in an amount that depict the amount of consideration to which it expect to be entitled in exchange for transferring the promised goods or services to the customer.

For each performance obligation identified, the company determine at contract inception whether it satisfied performance obligation over time , performance obligation is satisfied at a point of time.

For each performance obligation satisfied over time, Company recognise revenue over time by measuring the progress toward complete satisfaction of that performance obligation. The progress toward complete satisfaction is measured using appropriate method which include input and output method.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

Sale of Services

Revenue from services are recognized as related services are performed.

Dividend and Interest Income

Dividend income from investments is recognized when the shareholders' right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

For all financial instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of the financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in other income in the Statement of Profit and Loss. Interest income in respect of financial instruments measured at fair value through profit or loss is included in other income.

JBM EV Technologies Private Limited

(viii) Functional and Presentation Currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (₹), which is the Company's functional and presentation currency.

(ix) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profits. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and incurred tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and Deferred Tax for the Year

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are also recognised in other comprehensive income or directly in equity respectively.

(x) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs consist of interest, which is computed as per effective interest method, and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(xi) Employee Benefits

Short-term obligations

All employee benefits payable wholly within in operating cycle after the end of the reporting period are classified as short term employee benefit. Benefit such as salary wages etc. and expected cost of Ex- Gratia are recognised in the period in which the employee render the related service. A liability is recognised for the amount expected to be paid when there is present legal or constructive obligation to pay this amount as a result of past services provided by the employee and the obligation can be estimated reliably.

Other long-term employee benefit obligations

Liabilities for leave encashment and compensated absences which are not expected to be settled wholly within the operating cycle after the end of the period in which the employees render the related service are measured at the present value of the estimated future cash outflows which is expected to be paid using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period on Government bonds that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

JBM EV Technologies Private Limited

Post-employment obligations

Defined benefit plans

The Company has defined benefit plans namely gratuity fund for employees. The gratuity fund is recognised by the income tax authorities and are administered through Trust set up by the LIC. Any shortfall in the size of the fund maintained by the Trust is additionally provided for in profit or loss.

The liability or asset recognised in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuary using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in profit or loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The Company has defined contribution plans for post retirements benefits, namely, Employee Provident Fund Scheme administered through Provident Fund Commissioner and Superannuation Fund administered through Life Insurance Corporation of India. The Company's contribution are charged to revenue every year. The Company has no further payment obligations once the contributions have been paid. The Company's contribution to State Plans namely Employees' State Insurance Fund and Employees' Pension Scheme are charged to the Statement of Profit and Loss every year.

Termination Benefits

A liability for the termination benefit is recognised when the Company can no longer withdraw the offer of the termination benefit.

(xii) Inventories

Inventories are valued at the lower of cost and net realizable value, less any provisions for obsolescence. Cost is determined on the following basis:-

Raw Material is recorded at cost on a weighted average cost formula

Stores & Spares are recorded at cost on a weighted average cost formula

Finished goods & Work-in-progress are valued at raw material cost plus cost of conversion and attributable proportion of manufacturing overhead incurred in bringing inventories to its present location and condition.

By Products and Scrap are valued at net realizable value.

Machinery spares (other than those qualify to be capitalized as PPE and depreciation accordingly) are charged to profit and loss on consumption.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(xiii) Provisions and Contingencies

Provisions

Provisions are recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

Provisions are determined based on best management estimate required to settle the obligation at balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

JBM EV Technologies Private Limited

Contingent Assets

Contingent asset being a possible asset that arises from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, is not recognized but disclosed in the financial statements.

(xiv) Property, Plant and Equipment (PPE)

Property, Plant and Equipment (PPE) are stated at cost of acquisition, net of accumulated depreciation and accumulated impairment losses, if any. Freehold land is measured at cost and is not depreciated.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. The other repairs and maintenance of revenue nature are charged to the Statement of Profit and Loss during the reporting period in which they have incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method on a pro-rata basis from the month in which each asset is ready to use to allocate their cost, net of their residual values, over their estimated useful lives of the assets as prescribed in Part C of Schedule II of the companies Act, 2013 except in respect of the following assets:

Nature of Assets	Life
Computer & Computer software	3 years

Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost of acquisition and are stated net of accumulated amortization and accumulated impairment losses, if any.

The cost of an intangible asset includes purchase cost (net of rebates and discounts), including any import duties and non-refundable taxes, and any directly attributable costs on making the asset ready for its intended use.

Amortisation methods and useful lives

The Cost of Intangible assets are amortized on a straight line basis over their estimated useful life. Technical know-how/license fee/product development relating to process design/plants/facilities are capitalized at the time of capitalization of the said plants/facilities and amortised as follows:-

Residual Value is considered as Nil in the below cases:

Nature of Assets	Life
Technical knowhow	5 years
License fees, Design, Technical know-how & Prototype related to bus	10 years

The amortisation period and method are reviewed atleast at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Intangible Assets under development:

Designing, manufacturing and selling vehicle is a capital intensive and requires substantial investments in intangible assets such as research and development, product design and engineering technology. Product development costs incurring on new vehicle platform, engines, transmission and new product are recognized as intangible assets under development, when feasibility has been established same will be capitalised under intangible assets. The Company has committed technical, financial and other resources to complete the development and it is probable that assets will generate probable future economic benefits.

(xv) Earnings Per Share

Basic Earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. For the purpose of calculating Diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, except where the result would be anti-dilutive.

(xvi) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument.

JBM EV Technologies Private Limited

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial instruments (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss. Subsequently, financial instruments are measured according to the category in which they are classified.

Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost using the effective interest method or fair value, depending on the classification of the financial assets.

Classification of Financial Assets

Classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

The Company classifies its financial assets in the following measurement categories:

- (a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and those measured at amortised cost
- (b) The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

A financial asset that meets the following two conditions is measured at amortised cost unless the asset is designated at fair value through profit or loss under the fair value option:

- (a) Business model test: the objective of the Company's business model is to hold the financial asset to collect the contractual cash flows.
- (b) Cash flow characteristic test: the contractual term of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option:

- (a) Business model test: the financial asset is held within a business model whose objective is achieved by both collecting cash flows and selling financial assets.
- (b) Cash flow characteristic test: the contractual term of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value through profit or loss.

Trade Receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost less provision for impairment.

Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents includes cash in hand, cheques, balances with bank and short-term deposit with bank with an original maturity of three months or less.

Impairment of Financial Assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- (a) financial assets measured at amortised cost
- (b) financial assets measured at fair value through other comprehensive income
- (c) Expected credit losses are measured through a loss allowance at an amount equal to:
the twelve month expected credit losses (expected credit losses that result from those default events on the financial instruments that are possible within twelve months after the reporting date); or
full life time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

JBM EV Technologies Private Limited

Derecognition of Financial Assets

A financial asset is derecognised only when

- (a) The Company has transferred the rights to receive cash flows from the financial asset or
- (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients or
- (c) The rights to receive cash flows from the asset has expired

Foreign Exchange Gains and Losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the exchange rate at the end of each reporting period. For foreign currency denominated financial assets measured at amortised cost or fair value through profit or loss the exchange differences are recognised in profit or loss except for those which are designated as hedge instrument in a hedging relationship. Further change in the carrying amount of investments in equity instruments at fair value through other comprehensive income relating to changes in foreign currency rates are recognised in other comprehensive income.

Financial Liabilities and Equity Instruments

Classification of Debt or Equity

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial Liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest rate method or at fair value through Statement of Profit and Loss.

Trade and Other Payables

Trade and other payables represent liabilities for goods or services provided to the Company prior to the end of financial year which are unpaid.

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of Profit and Loss over the period of the borrowings using the effective interest rate method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Statement of Profit Loss.

JBM EV Technologies Private Limited

Foreign Exchange Gains or Losses

For financial liabilities that are denominated in a foreign currency and are measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortized cost of the instruments and are recognised in Statement of Profit and Loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the exchange rate at the end of the reporting period. For financial liabilities that are measured as at fair value through profit or loss, the foreign exchange component forms part of the fair value gains or losses and is recognized in statement of Profit Loss.

Derecognition of Financial Liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

(xvii) Segment Information

The Company is primarily engaged in the business of "manufacturing and selling of Electric Vehicle" for indian market which is governed by the same set of risk and returns. Hence there is only one business and geographical segment as per the Ind AS - 108 (Operating Segment).

(xviii) Dividends

Final dividends on shares are recorded on the date of approval by the shareholders of the Company.

(xix) Rounding of amounts

All amounts disclosed in the financial statements and the accompanying notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (Division II) of the Companies Act 2013, unless otherwise stated.

Note No. 20 : EARNINGS PER SHARE

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	Year Ended 31 March 2025	Year Ended 31 March 2024
Profit/ (loss) after tax for calculation of basic EPS (₹ In Lakhs)	71.48	(23.59)
Add: Adjustment for potential shares	-	-
Profit/(loss) after tax for calculation of diluted EPS (₹ In Lakhs)	71.48	(23.59)

Effect of dilution:	-	-
Total weighted average number of shares in calculating diluted EPS	1,50,00,000	1,50,00,000
Basic Earning per share (in ₹)	0.48	(0.16)
Diluted Earning per share (in ₹)	0.48	(0.16)

Note No. 21 : SEGMENT INFORMATION

The Company is primarily engaged in the business of "selling of electric vehicles" for Indian market. Operating segments are defined as component of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker (CODM), in deciding how to allocate resources and assessing performance. The company's CODM is the Executive Director and Chief Executive officer. The company has identified only one business and geographical segment. Accordingly, segment information as per Ind AS 108 "Segment Reporting" is not required.

Revenue from transactions with a single external customer amounting to 10 percent or more of the Company's revenue is as follows

Particular	For the Year Ended March 31, 2025	For the Year Ended March 31, 2024
Customer 1	63.42	47.93

Note No. 23 : FINANCIAL INSTRUMENTS

(A) Fair values

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The fair value of the financial assets are determined at the amount that would be received to sell an asset in an orderly transaction between market participants.

(B) Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The management of the Company reviews the capital structure of the Company on regular basis. As part of this review, the Board considers the cost of capital and the risks associated with the movement in the working capital.

The Company monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, loans and borrowings less cash and cash equivalents.

**Notes forming part of financial statements
(Amount in lakhs, unless otherwise stated)**

(D) Financial risk management objectives and policies

The Company has a Risk Management Committee established by its Board of Directors for overseeing the Risk Management Framework and developing and monitoring the Company's risk management policies. The risk management policies are established to ensure timely identification and evaluation of risks, setting acceptable risk thresholds, identifying and mapping controls against these risks, monitor the risks and their limits, improve risk awareness and transparency. Risk management policies and systems are reviewed regularly to reflect changes in the market conditions and the Company's activities to provide reliable information to the Management and the Board to evaluate the adequacy of the risk management framework in relation to the risk faced by the Company.

The risk management policies aims to mitigate the following risks arising from the financial instruments:

- Market risk
- Credit risk; and
- Liquidity risk

D .1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed in the ordinary course of its business to risks related to changes in foreign currency exchange rates

a) Foreign currency risk management

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency) and foreign currency loans and borrowings (Foreign currency buyer's credit). There is no foreign currency exposure as on March 31, 2025 (PY Nil).

b) Interest rate risk management

The Company is not exposed to interest rate risk because Company had not borrowed any funds. So the sensitivity analysis in respect of such borrowing is not applicable.

JBM EV Technologies Private Limited

**Notes forming part of financial statements
(Amount in Lakhs, unless otherwise stated)**

D.2 Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company.

Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, trade receivables, loans and advances and derivative financial instruments. None of the financial instruments of the Company result in material concentrations of credit risks.

Balances with banks were not past due or impaired as at the year end. In other financial assets that are not past dues and not impaired, there were no indication of default in repayment as at the year end.

Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on exchange losses historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 20. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

D.3 Liquidity risk

Liquidity risk refer to the risk that the Company can not meet its financials obligations. The objective of liquidity risk management is to maintain sufficient liquidity and to ensure funds are available for use as per the requirements.

The Company's objective is to maintain a balance between continuity of funding and flexibility. The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	< 1 Year	1 to 5 years	> 5 years	(₹ in Lakhs) Total
Year ended				
31-Mar-25
